

# THE WILSON STREET WORD

## AUGUST 2023

### NEWS

**National Breastfeeding week** is on 1st to 7th August. Wilson Street Surgery are committed to being a breastfeeding friendly practice and if you wish to feed your baby, either while waiting or during an appointment you should feel empowered to do so; however we will endeavour to find you a quiet space if you wish

**Dr Yousef moves on:** Sadly Dr Yousef has had to move on to complete his GP training elsewhere. We wish him all the best! We welcome back Dr Jellyman, who is in her final her final year of training, and Drs Ameeral and Khalid are staying with us as well! Dr Dhaliwal, who has just started her training, will be with us until December.

### FLU IS COMING!

Yes it's that time of year again! Wilson Street will as usual be putting on Flu clinics on a walk in basis. They are on:

Saturday 16th Sept 08:30-1200 at Wilson St

Saturday 23rd Sept 08:30-1200 at Wilson St

Saturday 30th Sept 08:30-1200 at Taddington Rd

The funding we receive for doing these clinics is put directly back into providing patient care, so please support your GP and have your flu jab with us!

### RESEARCH PRACTICE

In exciting news, Wilson Street Surgery is now an accredited Research Practice! This means we will be collaborating with other healthcare providers, and keeping at the forefront of medical advances and providing you with the best possible care

Research is entirely voluntary and no data is shared about you without your consent.

If you want to participate, simply look out for invitations we will send based on demographics such as age, medical conditions etc, and if you're interested let us know!

### AND FINALLY...

We received some disappointing feedback on our accessibility on the phones recently. We're really dismayed by this as we've put a lot of effort over the past two years into trying to get the phones right. We're opening a consultation on our [Facebook Page](#) and would be happy to hear from you!
